## Executive summary

**Dr. Pankaj Shah**  
President

Respected Donors and well-wishers of SANJIVANI,

It is my great pleasure to present before you our 19 th Annual Report.

A small initiative of providing primary healthcare to flood devastated villages of Kheda district in the year 2005, has now established itself as a symbol of transparency, credibility and commitment with passion in the field of not only Healthcare but also in Education as well as Empowerment of women.

As you all know that this achievement is not possible individually. It is with blessings and generous financial support from our sympathetic and enlightened donors, Both corporate partners and individual donors, Hard work and dedication of team of Trustees, Program Executives, Program Co-ordinators, Doctors, Volunteers, and respected Consulting Doctors of various faculty. Our Team, Sanjivani Parivar has worked hard throughout since inception to achieve the goal of “give back to society”.

We are thankful to our corporate partners and all named and unnamed donors from India and abroad for their continuous support in our mission” Give back to Society”.

We are really happy to have in Admin Committee Shri Satishbhai B. Joshi having 3 decades of experience as HR Manager at renowned Company, and also our Secretary Shri Jwalantbhai Desai an Industrialist with vast experience as M.B.A. from USA, also actively involved in Satya Sai Heart Foundation as well as Indian Red Cross

Blood Donation campaigns. Both have nicely taken up management of Eye operation Department as well as Dialysis Department. Also Shri Sunilbhai Shah who joined as volunteer having vast experience of Banking Sector has been looking after stocks and stores of entire Sanjivani.

### What Next here onwards:-

Our vision is to provide free education to girls, we are in process of discussion with our donors and shortly we are to announce the same.

In our education activity at Shiv Shala Complex due to shortage of parking and open space for playground we are not getting permission to increase the classes in both English and Gujarati Medium as per present guidelines of Education Department. We have been searching a land of 1000-1500 Sq. meters for the same. we have applied to Chief Minister Shree Bhupendrabhai Patel, Gandhinagr to help by allotting a plot for th same. We have also identified such land just 50 mts. away from the school building and we are trying to get guidance from legal advisor. This project is likely to cost us Rs.3,00,00,000/- for the land and once process of NA is done, we will construct need based building over there to shift our pre-primary KG 1-2 and Balvatika students of both medium and also Sanjivani Vidya Vihar classes gradually, so that we can start std 11-12 Commerce stream classes in present building, or can add short courses of skill development like wireman, Plumber, Mobile and Computer Repairing etc. after std. 10th. Also planning to promote masoom - Sanjivani - ELC classes by increasing no. of students.

I earnestly request all donors to extend hands of co-operation in the project, to fulfil our dream of Education for all without financial burdon on parents.

A small initiative of providing primary healthcare to flood devastated villages of Kheda district in year 2005 has now established itself as a symbol of transparency, credibility and commitment with passion in the field of not only healthcare but also in education as well as Empowerment of woman.

During the period under review, our teams have performed exceptionally well in the in all areas.:

**Rural healthcare project**

With improved government health infrastructure and availability of medical services with wide range of available medicines at PHC level and certain village level, we have restricted our coverage of villages and are now we are focusing on those villages where no PHC or sub centre is available or villages having population around 2000 to 4000, we are covering 154 villages round the year at interval of 28 days and provide basic healthcare services keeping in mind NCD.

The Model of our rural project which provides medical service at village level is unique one which regularly provides medical services with primary focus on NCD (Noncommunicable diseases) like hypertension, diabetes,

**Dr Jagdish J. Shah in Rural Medical Camp**

Without shifting patient from village, through this Mobile ECG van we have been providing ECG with authenticated report by a physician in just 10 mins, and basic Laboratory facility like Haemoglobin. S. Creatinine and S. Cholesterol in less than 20 mins making treatment of NCD patients easy and in time.

heart disease and kidney disease in particular which we have found to be of immense value in providing early detection and best available treatment by qualified doctors at doorstep of underserved and marginalised rural population. We have observed that by giving these services regularly at the doorstep, the incidence of heart diseases, heart failure, brain stroke, and kidney failure -CKD has considerably reduced due to early intervention, detection and treatment. Daily six villages are being covered by our medical team at every 28 days cycle as per fixed schedule program.

On every Sunday, our Dental and ophthalmic van providing basic eye check-up, dental check-up as well as primary dental treatment and spectacle distribution service covering 50 villages each by both vans every year.

**Dr Harsh Agrawal in Rural Dental Van Camp**

On Sunday one regular medical van is also providing service which covers five villages and arranging 45-50 camps per year.

Our telemedicine Ambulance van donated by Waghbakri Foundation, couple of years ago, is equipped with online ECG facility and mobile Pathology laboratory which operates on pre-planned routes covering all 154 villages every three months.

**Kandarp Trivedi at Medicine counter in a Camp**

**Rajani Agrawal and Rajesh Shah at Rural Camp**

We are fortunate to get sponsorship for villages under CSR program of various companies like Wagh Bakari foundation, Jewalex Middle East by Nishith bhai Kothari and family, IMSPL group of companies, La Pharmaceutical and Manilal Gandhi Vanprasthashram in our project.

As regards Sanitary napkin project this year, we have distributed 72,000 sanitary pads (12,000 pack of six pads) to rural women with the help of local volunteers at villages at highly subsidised rates.

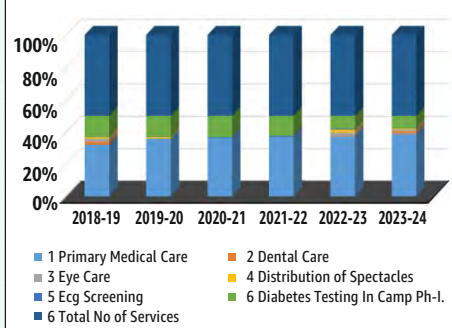

The data of rural camp is shown in the following table

Our Shrimati Chandraben Piyushbhai Kothari SANJIVANI dialysis centre is progressing consistently since inception in July 2021. Till now we have provided more than 8000 dialysis procedures to large number patients. We are empanelled with PMJAY since November 22 before that we had performed 2350 dialysis procedures free of cost and also those unfortunate patients who are not having PMJAY card and having financial constraint, are being provided this dialysis service free or at discounted rate.

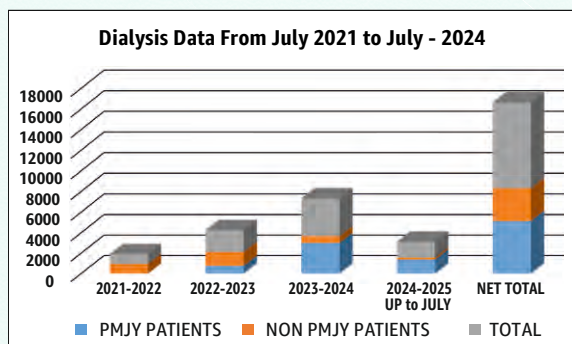

**Dialysis Center Staff**

**Dialysis Center Staff Training by Company**

In July 2021 we had five dialysis machines, with the generous support of donors and hard work and dedication of our well-trained qualified staff, we have implemented expansion and our Number of Beds have increased to 10 and within short time, we are going to increase our strength to 12 beds with 12 latest Fresenius dialysis machine and targeting to provide 500 procedures every month to needy patients free of charge /under PMJAY scheme. We have already received donation and received two more dialysis machine of Fresenius Company. One from our esteemed donee shri Chandrakantbhai B. Patel of MAMATA Machinaries Pvt Ltd and other from Vaishnav Samaj of

Chicago USA through shri Devendrabhai Parikh. We are in process of approval from various authorities like GPCB, PMJAY, and Fire NOC, after which we are shortly to start using making installed capacity of 600 Dialysis procedures a month. For this we are also increasing capacity of double R.O. Plant to match the uninterrupted increased need of 3-5 TDS R.O. water. Shri Ketanbhai Rasiklal Shah - HUF had donated for the expenditure for the same. We are sincerely thankful to all of them.

To improve standard of learning and school achieving good academic record, admission was restricted to eligible students in terms of regularity in presence, behaviour, learning capacity and needy student only in new academic year. The school strength of students has been 984 for year 2024-25, to provide quality education with best technology, we have added four more smart boards to already installed six making total number of 10 smart boards. Through which best technology enriched education is being provided.

Various sessions for teachers training were arranged for smart board use, training and evaluation of teachers skills were done in presence of all teachers as a process of appraisal.

Average presence at our school has been between 85-90% throughout the year. Regular parents meeting were conducted to keep them updated regarding progress of their child, and to motivate them to keep a watch on academic progress of student.

Various events like launch of Chandrayaan-3 on the moon was shown to all students live in 10 classes. Various national programs are also being shown to students in these classes to keep them updated with the world. This year we have added to more rooms, one for Science laboratory, and another for Library, Spacious rooms equipped with all science equipment required between standard 5 to 10 and nearly 1000 books of various topics and subjects are being stored in our library. This was inaugurated on 26 January 2024 at the National Republic Day in presence of our trustee, Shri Upendra Shah and Purnimaben Shah as well as, retired professor with double PHD in Economics from two universities and has trained more than 25 PhD students as a mentor- Shri Natubhai J. Patel. He addressed the students regarding importance of education in present world and in development of Healthy-prosperous nation.

In December 2023 when winter was at peak woollen Sweaters were distributed to all students of our school and Sanjivani-Masoom ELC students was arranged with generous donation from Kokilaben Charitable Trust of PRUDENT Corporation and support of Shri Vrajmohanbhai Shah of Reliable Art Printery (Ahmedabad) Pvt. Ltd.

Rubella and two doses of Cervical Cancer vaccine was given to 75 girls, with financial support from MAZADA Laboratory-Rotary Club of Ahmedabad \_ASMITA, through efforts of Dr Purviben Nanavati.

Over and above this various festivals and events were arranged at school to enhance cultural and moral values of our heritage, like Ayodhya Ram Mandir inauguration, Rangoli Speredha, Raksha Bandhan, Teacher's day celebration, Kite Festival, Holi Festival by students. Students were also nominated for various competitions like "Shaurya Geet" recitation, and oratory at an event organised at Tagore Hall.
